

BOARDING INFORMATION AND REQUIREMENTS

Thank-you for choosing us to board your pets. Our goal is to make your pets stay here as comfortable and pleasant as possible. We offer personal care and attention to each pet several times each day.

We encourage you to bring with your pet special toys, blankets, etc. so that his/her kennel will seem more like home. We provide dry (kibble) food for them to eat. If your pet prefers moist food, or is on a special diet, you will need to bring that with your pet.

Our kennel area for dogs consists of indoor/outdoor runs. Your dog will be able to run around in an approximately 4x4 foot area inside and a 4x10 foot area outside. Bedding will be provided if the dog will allow it.

Cats are kept indoors at all times. We provide a large 2 1/2 x 3 foot cage for them to stay in complete with a fresh litter box, food and water. Depending on personality, cats are allowed to exercise in an enclosed room and view the outdoors.

Our daily boarding rates are as follows:

Cats-----	\$16.00
0-20 pounds ---	\$12.00
21-35 pounds ---	\$13.00
36-50 pounds ---	\$15.00
51-70 pounds ---	\$16.00
70-99 pounds ---	\$18.00
100 + pounds ---	\$22.00

These rates are charged on a DAY IN-DAY OUT basis. You will be charged for the day you bring your pet in through and including the day you take your pet home.

We do have **health requirements** for all boarding pets to insure the safety of all the animals.

REQUIREMENTS FOR DOGS

All dogs must be vaccinated for Distemper, Parvo, Lepto, Hepatitis, Parainfluenza, Bordetella and Rabies. They must also have a heartworm test, or currently be taking heartworm preventative. They must be free of fleas and ticks, or we will treat them here at your expense.

REQUIREMENTS FOR CATS

All cats must be vaccinated for Feline Distemper and Upper Respiratory Diseases, and Rabies. They must be free of fleas and ticks, or we will treat them here at your expense.

Any of these services may be performed when you bring your pet in to board, if needed. If vaccinations were given somewhere other than Howerton Animal Hospital, proof of vaccination will be required.

I have read the foregoing and agree.
